## 1.

Here's Jesus  
Wanna play good  
And I'm human  
Wanna be like Jesus  
Wanna play good  
And change earth  
Wanna play good  
Destroy nature

## 2.

I'm Profess  
And scientist  
I can do all  
And anything you like  
Can change your form  
Make you deform  
Manipulate plants  
Kill nature

## B:

I can change your skin color  
I can change your breast  
Can change your body  
And almost your soul

## Chorus:

Profess is Good  
Profess is nature changer  
Profess is all  
Profess is mass destroyer

## 3.

Here's humen  
I'll take their brain  
Twist sells around  
Mix it up put it back  
Now you think better  
Now I'm insane  
Controls humen  
Controls your brain

## 4.

I'm genius  
I'm master  
Of the big world  
But I want more and more  
I'm psychopath  
I'm dangerous  
I'm laughing loud  
I'm so rich now

## B:

I can change your skin color  
I can change your breast  
Can change your body  
And almost your soul

## Chorus:

Profess is Good  
Profess is nature changer  
Profess is all  
Profess is mass destroyer
