What do I want for christmas

1.

What do I want for christmas
So many presents
To all the worlds pour lands
That they get hued up
To first world lands

Chorus:

//: Christmas presents
To make all happy
World-wide://

2.

What do I want for christmas
So much happiness
That all stop fighting world-wide
That they forget the trouble
In this big world

Chorus:

//: Christmas presents
To make all happy
World-wide://

3.

What do I want for christmas
That every living soul
Get something to eat
And go happily to bed
And all is fine

Chorus:

//: Christmas presents
To make all happy
World-wide://

B:

And let the presents
Last forever
Let the presents
Be for all forever

Chorus:

//: Christmas presents
To make all happy
World-wide://

Outro verse:

What do I want for christmas
That all get reasonable
All over this world
And spreads love and happiness
World-wide
